

LARGEST CHAPTER MEMBERSHIP

An effective state and national program depends upon membership support and growth. Continued membership growth through the years has made possible the expansion of services and materials for local chapters.

Recruiting members provides a worthwhile experience in public relations, advertising, and salesmanship. The Largest Chapter Membership event provides recognition to those chapters and members who have actively promoted the growth of FBLA.

ELIGIBILITY

All local chapters are eligible. Local chapter members do not have to attend the state leadership conference to enter this event.

REGULATION

No entry form is required for this event since the audit of official membership is completed in the state office.

PROCEDURE

The official figure used in considering a chapter for this event is determined by the record of paid memberships audited in the state office two weeks prior to the state leadership conference.

JUDGING

Judges are staff members in the state office.

AWARDS

Chapters will be divided into size classifications designated by the Missouri State High School Activities Association.

A certificate is presented to the chapter in each classification with the greatest number of members.

REPRESENTATION AT NATIONAL

All local chapters are automatically considered for this recognition at the national leadership conference.
